

## A QUESTION ABOUT Brown's Iron Bitters ANSWERED.

The question has probably been asked thousands of times. "How can Brown's Iron Bitters cure everything?" Well, it doesn't. But it does cure any disease for which a reputable physician would prescribe it. It is a powerful tonic, and its use is the best restorative agent known to the profession, and inquiry of any leading chemical firm will substantiate the assertion that there are more preparations of iron than of any other substance used in medicine. This shows conclusively that iron is acknowledged to be the most important factor in successful medical practice. It is, however, a remarkable fact, that prior to the discovery of BROWN'S IRON BITTERS, no perfectly satisfactory iron combination had ever been found.

**BROWN'S IRON BITTERS** does not injure the stomach, or produce constipation—all other iron medicines do. **BROWN'S IRON BITTERS** cures indigestion, biliousness, weakness, dyspepsia, malaria, chills and fevers, tired feeling, general debility, faints in the side, back or limbs, headache and neuralgia—for all these ailments iron is prescribed daily.

**BROWN'S IRON BITTERS** however, does more than this. It cures the blood, it acts slowly. When taken by men the first symptom of benefit is renewed energy. The muscles then become firmer, the digestion improves, the bowels are active. In women the effect is usually more rapid and marked. The eyes begin at once to brighten; the skin clears up; healthy color comes to the cheeks; nervousness disappears; functional derangements become regular, and if a nursing mother, abundant sustenance is supplied for the child. Remember Brown's Iron Bitters is the ONLY iron medicine that is not injurious. Physicians and Druggists recommend it. The Genuine has Trade Mark and crossed red lines on wrapper. TAKE NO OTHER.

## "JUSTICE FOR IRELAND."

### HYDE PARK THE SCENE OF AN EN- THUSIASTIC MEETING.

A Great Demonstration in London Against  
the Irish Coercion Bill—The Largest  
Meeting Ever Held in the City—Alsace-  
Lorraine Under Martial Law.

LONDON, April 12.—The day appointed for  
the great Radical demonstration at Hyde  
Park to protest against the passage of the  
coercion bill, dawned bright and clear, with  
a balmy atmosphere and brilliant sunshine.  
At an early hour large numbers of work-  
men put in an appearance at the various  
places of rendezvous and forming in large  
processions began wending their way toward  
Hyde Park.

Vast crowds were soon marching from every  
district of London, headed by bands of  
music. The leaders came first in carriages.  
A number of banners with the portraits of  
Mr. Gladstone, Davitt and Father Keller,  
inscribed with the words, "Justice to Ire-  
land," were carried by the processionists.  
The greatest enthusiasm prevails. In the  
park fourteen stands for speakers had been  
erected along the whole frontage facing the  
fashionable park lane. The processionists  
were green rosettes, cut so as to imitate the  
shamrock, pinned to the lapels of their coats.  
The authorities had taken every precau-  
tion to prevent an outbreak or disturbance  
of any kind. A large force of police were  
held in reserve at the police stations nearest  
the park, to be used in case of an emergency.  
The meeting was the largest ever held in  
this city and was a most orderly and en-  
thusiastic gathering. After a number of speeches  
had been delivered denouncing the enact-  
ment of the coercive measure now before  
parliament an anti-coercion motion was put  
simultaneously from the fourteen platform  
and unanimously carried with the wildest  
enthusiasm. Mr. Gladstone watched the  
procession from a window in Piccadilly and  
received an ovation.

The Socialists stole a march on the police,  
and held a meeting in Trafalgar square.  
Several platforms were erected from which  
the speakers indulged in some inflammatory  
speeches. The meeting was very noisy  
throughout.

### Irritation in France.

PARIS, April 12.—There continues to be  
much irritation throughout France over the  
course of Bismarck in Alsace-Lorraine. All  
members of the French army have been  
compelled to obtain permission of the Ger-  
man police to visit or live in his province,  
but now the prohibition is extended to all  
Frenchmen. This, following upon the heels  
of the expulsion of M. Antoine, a member of  
the reichstag from this province, increases  
the bitter feelings. Alsace-Lorraine prac-  
tically is under martial law. Four drunken  
men who shouted "Vive la France" yester-  
day were arrested and imprisoned.

M. Cable, a deputy in the reichstag from  
Alsace-Lorraine, who died this week, is to  
be buried to-morrow. Already the cemetery  
is patrolled by German soldiers to prevent  
any popular demonstration at the funeral.  
To-morrow the expulsion of all the French  
from the territory will be formally carried  
out. French physicians in the employ of the  
railroads passing through the province have  
all been ordered to leave.

### Tippeco Tib's Salary.

BRUSSELS, April 12.—The contract of  
Henry M. Stanley on behalf of King Leo-  
pold with Tippeco Tib, who accompanies the  
Stanley expedition for the relief of Emin  
Bey gives Tippeco a yearly salary of \$300  
as governor of the Congo fur state. Tippeco,  
in addition, is allowed to do a legitimate  
trade anywhere he pleases, but he must, in  
return, uphold the authority of the Congo  
fur state. He is to appoint a deputy gov-  
ernor to administer affairs during his ab-  
sence, who is to succeed him when he dies,  
but the latter appointment is subject to the  
approval of King Leopold.

### China's Precious Possession.

LONDON, April 12.—It seems an extraor-  
dinary thing to state that at the present mo-  
ment the Chinese government possesses the  
fastest torpedo boat in the world. This little  
vessel, which has just been completed for  
them by Yarrow & Co., has attained the  
speed of twenty-four knots an hour. Why,  
the English admiralty do not possess any-  
thing that can approach this speed, it is diffi-  
cult to say. English vessels, whether large  
or small, have never seemed to attain their  
estimated speed.

### Once More.

ST. PETERSBURG, April 12.—A number of  
arrests were made here on Wednesday on  
the occasion of the visit of the czar, but  
the report that a fresh attempt had been  
made upon the czar's life is not fully con-  
firmed, although there seems little doubt of  
the truth of this report.

### Catching Anarchists.

BUDA-PESTH, April 12.—The police here  
have discovered an active anarchist plot and  
have arrested two leaders. They are foreign  
workmen who arrived here only recently.  
They were arrested for spreading anarchist  
doctrines.

### A \$15,000 Blaze at Indianapolis.

INDIANAPOLIS, April 12.—The carpenter  
shop and planing-mill at Pennsylvania rail-  
road's shops burned this morning. Loss \$15,  
000. Insured.

### Suit to Be Brought for Discrimination.

INDIANAPOLIS, Ind., April 12.—The ticket  
agent of the Pennsylvania road at Logans-  
port Saturday refused to sell a party of  
twelve tickets to San Diego over the Chicago  
& Alton road, a western connection of the  
Pennsylvania lines, which the Pennsylvania  
company has boycotted. He offered to sell  
the party tickets over a competing line of the  
Chicago & Alton. A representative of the  
Chicago & Alton will to-day go to Logans-  
port with instructions that should the Penn-  
sylvania agent still refuse to sell the tickets  
via their line to bring the matter before the  
United States courts under the discrimina-  
tion clause of the new law.

### Blaine Very Sick.

CHICAGO, April 12.—Special dispatches  
and private information received after mid-  
night say that Mr. Blaine is very sick and  
cannot yet be moved, that symptoms of  
pneumonia have developed, and the physi-  
cians allow only nurses in the sick room.

## MYSTERIOUS DROWNING.

### A Private Watchman Arrested for Causing the Death of Two Colored Boys.

MEMPHIS, Tenn., April 12.—Saturday  
evening Robert Steel, the watchman of the  
Memphis Oil works, on entering the ware-  
house of the Chickasaw refining company,  
heard a splashing in an abandoned cistern  
that had been uncovered by the wreck of a  
portion of the flooring. Looking down into  
the dark aperture he saw something strug-  
gling in the water which he first took to be  
a dog, but soon found that it was a colored  
boy. Steel ran and got a pole to reach to  
the boy, but returned to the brink of the  
cistern only in time to see the little fellow  
sink out of sight. He summoned several of  
the colored laborers on the premises, and  
with their aid fished up the body of the boy,  
whose name proved to be Willie Bryant,  
and his age fifteen. Sunday the body of an-  
other colored boy, Willie King, was found  
in the cistern.

An inquest was held on the two bodies and  
a verdict of accidental drowning returned.  
The mother of Bryant claims that she can  
show that F. M. Mills, the watchman at the  
warehouse, drove the boys into the cistern  
and stood there and saw them drown without  
offering to rescue them. Her husband has  
sworn out a warrant against Mills, charging  
him with murder. Mills is under arrest.

### A Serious Fire in Connecticut.

MERIDEN, Conn., April 12.—The most serious  
fire that has occurred in Meriden in  
years broke out about 2 o'clock this morning  
in McCarthy's livery stable in the rear of  
No. 35 State street. The fire spread rapidly  
to the two wooden buildings, which form the  
front of the stable buildings, and occupied  
a grocery and boarding house by Mrs.  
Henry Langrehr, and by James McCarthy  
and Mrs. Anne Pennard as a boarding house.  
The boarders had a narrow escape. All the  
buildings were entirely destroyed, with  
eleven horses owned by McCarthy, among  
them being the fine trotter J. M. C., valued  
at \$1,000. McCarthy's losses on horses, car-  
riages, furniture, etc., will be \$3,000; covered  
by insurance. Mrs. Langrehr's loss is \$2,000,  
and Charles Pepper's, candies, \$300. The Lang-  
rehr building, owned by the Lyon & Bellair  
company, is a total loss. It is valued at \$3,  
000. The building in which McCarthy lived,  
and the barns and stable are owned by Par-  
ker Brothers, whose loss is \$4,000. The total  
loss will reach \$20,000.

### Lord Lansdowne Afraid.

OTTAWA, Ont., April 12.—There is much  
excitement here over an official notice to  
effect that during the presence of Lord Lan-  
sdowne in the senate chamber in opening par-  
liament on the 14th, the galleries of the  
senate will be closed. This is the first time  
in the history of the Dominion that such a  
step has been taken, the galleries of the  
senate on such occasions always being open  
to the public, who are admitted by ticket.  
A lame excuse is given that it will prevent  
confusion. The opinion is that his excellency  
has received letters, the threats contained  
in which he is afraid will be carried into ef-  
fect if a crowd is permitted to enter the  
chamber while he is opening parliament in  
the floor below. Extra precaution is to be  
taken to insure his safety in passing between  
Government house and the senate on the day  
parliament opens. A strong escort will ac-  
company him going and coming. This,  
however, is always done.

### Interstate Commerce Law Annulled.

PORTLAND, Ore., April 12.—Judge Deady,  
in the United States circuit court, has ren-  
dered a decision which virtually nullifies the  
long and short hauls clause of the interstate  
commerce act so far as it effects railroads  
that are competitors of water routes. The  
interstate commerce act does not include or  
apply to all carriers engaged in interstate  
commerce, but only such as use a railroad or  
a railroad and water craft "under common  
control, management or arrangement," for a  
continuous carriage or shipment of property  
from one state to another. The court holds  
that the Oregon & California Railroad com-  
pany, being wholly in Oregon, need not pay  
any attention to the clause so far as its  
through business to San Francisco, over the  
Oregon & Navigation line of steamers is con-  
cerned.

### Sermon Against Polygamy.

KIRTLAND, O., April 12.—Joseph Smith,  
son of the celebrated Mormon, declared  
against polygamy yesterday in the presence  
of 1,200 people. He said, in brief, that if  
God had intended for man to have more than  
one wife, he would have given Adam more  
than one. Their marriage was celestial. If  
God had made a mistake at the creation he  
would have rectified it and given Noah two  
wives. He said further: "I want to an-  
nounce to the world that notwithstanding  
my name, I will do what I can to see that  
this land of ours is not further disgraced."  
Before the sermon Elder John H. Lake, of  
Canada, and Sister Goodin, principal of a  
Pittsburg female college, were married in  
front of the altar. After the sermon several  
converts were baptized.

### Accident at a Mine.

BALTIMORE, April 12.—News has just been  
received here that the mine of the New York  
Silicate company, at Lyons, Creek, Calvert  
county, Maryland, caved in on Thursday  
night last, and many of the workmen are re-  
ported to have been seriously injured. The  
mine is owned by a New York syndicate, of  
which H. M. Weed is manager, and has been  
recently put in operation. The mine is a  
long distance from a railroad and the tele-  
graph, and no details of the accident can be  
obtained until the arrival of the next steam-  
boat from that section.

### Double Drowning.

BAY CITY, Mich., April 12.—William  
Marvis, aged twenty-six years, and his  
mother were drowned at a late hour Satur-  
day, eight miles from Bay City, in a bridge  
cut along the side of the road leading to  
Quannacasse, near which place they lived  
on a farm. They were returning home, and  
it is thought the horses took fright and they  
were thrown from the wagon. The bodies  
were recovered yesterday.

### Heavy Fine for Assault.

AMSTERDAM, N. Y., April 12.—Lawrence  
Collins, the Knight of Labor who assaulted  
Editor William J. Cline of the Amsterdam  
Daily Democrat, Saturday night, was this  
morning tried before Recorder Stewart and  
given six months in the penitentiary and \$50  
fine.

## HALF A MILLION STOLEN.

### PENNSYLANIA COMPANY'S SYSTEM OF RAILROADS ROBBED.

Forty-Four Arrests of Conductors and  
Brakemen—Pittsburg Jail Full of Pris-  
oners—One Brakemen Charged With  
Murder—More Arrests to Follow.

PITTSBURG, Pa., April 12.—At 2:45 o'clock  
this morning Col. Norman M. Smith, offi-  
cially connected with the Pennsylvania Rail-  
road transfer in this city, said: "For three  
years the railroads in the Pennsylvania com-  
pany's system, principally on the Pittsburg,  
Cincinnati & St. Louis division, have been  
systematically robbed. Cars on sidings and  
on moving trains have been broken open and  
merchandise of every description stolen. It  
is estimated that the company has had to  
pay for at least \$400,000 worth of stolen  
goods while in transit. Detectives have  
been working on the case for months. Every-  
thing being ready, we decided to make a  
move all along the line between Columbus  
and Pittsburg, and 12 o'clock midnight, was  
fixed to strike the blow. Eighty warrants  
have been issued for men in Pittsburg. I  
can't tell how many for other places, but it  
was for nearly every point along the line.  
It is the most extensive raid of the kind in  
railroad circles that has ever occurred."

The above was given in explanation of the  
concerted raid upon the boarding places and  
homes of Pan-handle railway employes, con-  
ductors and brakemen by a squad composed  
of one hundred city policemen, detectives,  
and ward constables shortly after last mid-  
night. At 1:15 o'clock two prisoners were  
escorted to the jail from their homes on Try  
street. These were speedily followed by others  
from the same locality and from Brown's  
"Railroaders' hotel," on Washington street.  
At 9 o'clock this morning forty-four con-  
ductors and brakemen were looked up in the  
county jail, one wing of which has been  
specially set apart for their accommodation.

The arrests will not cease until the entire  
eighty will be secured. So far only one man  
has resisted arrest, and he was readily sub-  
dued. Early trains from the west were held  
in the yard by a display of a red signal from  
the block at Fourth avenue. The officers  
boarded the train, knowing the men that  
were wanted, promptly secured them and  
marched them to the jail, and no train ar-  
rived that did not lose one or more men  
from its crew. Search warrants were made  
out for several houses suspected as "fences,"  
in receiving and disposing of the stolen prop-  
erty. It is currently believed that much of  
the stolen goods will be recovered.

The following is now a partial list of  
the men now confined in the  
county jail as a result of the raid:  
John Kirkwood, H. R. Kuhn, C. Longnecker,  
W. T. Lavelle, George Morris, M. B. Doyle,  
J. H. Fisher, Sam. Goodman, A. Griffiths,  
William Iselt, W. C. Martin, W. S. Roth,  
John Sweeney, T. C. Shea, C. Shanks, J. A.  
Taylor, H. C. Thompson, William Briggs,  
T. O. Gutschall, T. G. Hanley, John Hastings,  
M. S. Joyce, V. E. Meyers, Edward Wolf,  
J. F. Hagerty, John F. Gibbs, Mack Roberts,  
J. P. Brennan, Robert Mackey, M. C. Con-  
nelly, George Schurr, L. Black, Thomas Vin-  
cent, A. L. Collis, W. C. Boals, John A.  
Bowser, Charles Donovan, John Martin, J.  
W. Aber, J. W. Richey, J. T. Wright, H.  
W. McCurry, J. T. Riney, J. Lawson, —  
Baker.

The man Baker, a brakeman, is confronted  
by thirty-eight charges, the most important  
of which is that of murder. Early one morn-  
ing some time ago, at Sheridan Station, a  
freight train stopped for water. An attack  
was made on the crew, and in the fight the  
fireman was shot. He afterward died from  
his injuries. Baker is accused of firing the  
shot that killed the fireman. It was found  
that two cars had been broken open and their  
contents stolen.

A Steubenville, O., special says: No ar-  
rests have been made in this city. Three de-  
tectives left early this morning for Denison,  
and will make several arrests during the day.  
All along the road between Pittsburg and  
Columbus, men have been taken from trains,  
from their homes and boarding houses. Rail-  
road men are greatly excited.

### A Miner Beheaded.

NEGAUNEE, Mich., April 12.—A peculiarly  
horrible accident happened at the Lake An-  
geline mine Friday night. A miner named  
Benjamin Marston was coming from the  
bottom of the mine in a "skip" in which one  
is hoisted, when he stuck his head out at the  
third level, and it was cut off as though with  
a knife. The dismembered head dropped 150  
feet to the sixth level, and struck a miner on  
the arm. All the miners left the mine im-  
mediately, and would not go into it again.  
A boss named Sincok went down alone, and  
brought up the head.

### Trains Delayed.

AMSTERDAM, N. Y., April 12.—The Cen-  
tral Hudson railroad tracks are submerged  
and washed out in several places between  
Palatine Bridge and Fonda. Trains have  
been greatly delayed. A big ice gorge has  
formed near Fonda. Another gorge near the  
"Big Nose," between Fonda and Canajoharie  
broke up at 1:15 p. m., and large cakes of  
ice fifteen inches thick were swept down car-  
rying away telegraph poles and greatly  
damaging the railroad property.

### Train Wrecker to Hang.

NEBRASKA CITY, Neb., April 12.—The case  
of the state against David Hoffman for  
wrecking the Missouri Pacific passenger  
train at Dunbar, in January last, closed Sat-  
urday in the district court. The jury found  
a verdict of murder in the first degree, and  
Hoffman will swing about July 20. Bell, his  
partner, turned states evidence, and made a  
clean confession of the whole affair. Rob-  
bery was the motive. Bell will get a life  
sentence.

### Fatal Boiler Explosion Near Akron.

AKRON, O., April 12.—A boiler explosion  
at H. E. Loomis' mine, near Doylestown,  
fatally injured Patrick Madigan and William  
Junior. Others were injured, but not  
fatally. The fragments of the boiler were  
hurled a great distance.

### A Prominent Citizen Suicides.

BLOOMINGTON, Ill., April 12.—M. J. H.  
Mahan, of Lexington, one of the old and  
prominent men of that place, committed  
suicide yesterday by cutting his throat and  
stabbing himself about the heart with a  
cocked knife.

## UNCLE SAMMY SIMPSON.

### Death of the Man Who Taught General Grant Horsemanship.

BATAVIA, O., April 12.—Mr. Samuel  
Simpson, the uncle of General U. S. Grant,  
died at his home near Batavia, O., on Fri-  
day last, in the ninety-first year of his age,  
and was buried yesterday afternoon. Mr.  
Simpson came from Pennsylvania in 1818  
with his father, Mr. John Simpson, and lo-  
cated near Bethel, owning large tracts of  
land. In 1823 Mr. Simpson went on horse-  
back to Pennsylvania and married Miss  
Elizabeth Griffith, near Philadelphia, with  
whom he returned in a wagon and engaged  
in the tannery business at Georgetown, O.,  
with Jesse R. Grant, who afterward mar-  
ried Mr. Simpson's sister Hannah.

Mr. Simpson was always a very hard  
worker and often made trips to New Orleans  
on flatboats where he would exchange his  
cargo for hides. At the death of his father  
in 1837 he returned to the old homestead near  
Bethel, where he remained till 1872, when he  
removed to his late home. Had Mr. Simp-  
son lived another week he had outlived his  
wife fifty-four years, and of their eight chil-  
dren seven are living—Mrs. Sarah Elrod, of  
Centralia, Ill.; Mrs. George S. Gatch, near  
Milford, O.; Mrs. L. B. Winans, editor of the  
Independent at New Richmond, O.; R.  
B. Simpson, of Walnut Hills; Capt. John  
Simpson, of the United States army, located  
at San Antonio, Tex.; Mrs. Walter Bur-  
roughs, living at home and caring for her  
father up to the time of his death; Mrs.  
Charles Burroughs, of Nicholasville, Ky.  
Gen. Grant, at his last visit to Cincinnati,  
in June of 1883, went out to visit Mr. Simp-  
son, whom he loved to be with, for "Uncle  
Sammy" always indulged his love of horses,  
and many were the colts they broke and  
trained and drove together. Mr. Simpson  
was of noble character, truly upright in all  
his ways and loved by the many friends he  
knew.

### Explosion in a Drug Store.

NEW YORK, April 12.—A few minutes be-  
fore 2 o'clock Monday afternoon a terrific  
explosion occurred in Hegeman's drug store  
on Broadway near Fulton street. The place  
was filled with customers and clerks, and a  
panic ensued. While the salesmen were wait-  
ing on the men and women in the place they  
were suddenly startled by an explosion in the  
rear of the cellar. A burst of flame, smoke  
and steam came up through a part of the  
flooring that had been hurled into the air. A  
rush was made for the street by those in the  
store and in the cellar. One lady had to be  
carried out, having fainted. Two men, employ-  
ees of the firm, were badly  
burned. They were taken to the Chambers  
street hospital. The flames spread rapidly  
but were extinguished by 3 o'clock. Consider-  
able damage was done.

### Cattle Starving to Death.

AUSTIN, Tex., April 12.—Governor Ross  
has received a letter from the neighborhood  
of the Medina river, which states that cattle  
are starving to death, and even bottom lands  
are bare of grass. The ends of the branches  
of trees are being used for feeding cattle, but  
the supply of these will not last long. The  
letter begs the governor to let the state take  
the cattle of the region and have them trans-  
ported by rail to places where they can get  
grass, as they are too weak to walk. There  
has been no rain since the storm in August  
that ruined the cotton crop.

### German Capital After B. & O. Stock.

NEW YORK, April 12.—President Garrett  
about ten days ago directed the Ives-Stayner  
syndicate to turn over to him all the papers  
relative to the Baltimore & Ohio "deal"  
which was attempted to be consummated a  
few ago. The "deal" is now off, so far as  
those gentlemen are concerned, and negotia-  
tions are pending, it is said, between Presi-  
dent Garrett and Henry Villard, represent-  
ing a syndicate of German capitalists. A  
condition of the sale demanded by Villard  
is a greatly reduced price of the stock.

### Sorrows of Salvationists.

QUEBEC, April 12.—While a French de-  
tachment of the Salvation Army was pa-  
raded the streets yesterday afternoon, it  
was attacked by a howling mob, who pelted  
the members with large lumps of snow and  
ice. One of the females of the Army was  
knocked senseless and dangerously hurt by  
being struck on the head with a piece of ice  
weighing nearly five pounds. The drums of  
the detachment were all smashed. The po-  
lice have as yet made no arrests.

### Lost in the Snow.

MONTREAL, April 12.—Albert Hamer, a  
medical student who had just been graduated  
from McGill university, went out on a spree  
with some fellow students about two weeks  
ago and was lost in the snow. His body was  
recovered yesterday about a mile and a half  
from where he was last seen alive. Hounds  
scented him out. A pocketbook on his person  
contained \$94.

### Death of General James T. Pratt.

HARTFORD, Conn., April 12.—Gen. James  
T. Pratt died this morning at Wethersfield  
in his eighty-sixth year. He was prominent  
in the military affairs of the state and very  
active in politics. He was a member of con-  
gress in 1855, and served several terms in the  
legislature as a Democrat. He was defeated  
by Buckingham in 1859 for the governorship.

### Licenses to Practice Faith.

ST. JOHN, N. B., April 12.—Miss Whitlock,  
of St. Andrews, has been in Fredericton for  
the past six months, where she has at-  
tained considerable celebrity as a Christian  
scientist. A number of persons have been  
cured by her, it is alleged, by prayer and  
without the use of medicine, and the New  
Brunswick Medical society has resolved to  
summon her to the police court to answer to  
a charge of practicing without a license. The  
affair has caused a great stir.

### Extensive Land Slide.

SARATOGA, N. Y., April 12.—An extensive  
land slide occurred at Muldoon cut on the  
Boston, Hoosac Tunnel & Western road yester-  
day afternoon, and will cause considera-  
ble delay to traffic. A gang of men are  
clearing away the debris to-day. Trains  
will be unable to run from Saratoga to Me-  
chanicville for two or three days.

### Female Seminary Burned.

TALEQUAH, I. T., April 12.—The Cherokee  
Female seminary, situated one mile from  
here, was burned yesterday. Loss \$25,000.  
The seminary was built in 1858, and was in-  
tended to accommodate 200 girls. No lives  
were lost, but the loss is the greatest experi-  
enced by the Cherokee.

DAILY EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,  
Proprietors.

RATES OF SUBSCRIPTION.

THE DAILY BULLETIN will be delivered to any part of the city at 6 cents a week, or one year for \$3.

THE DAILY BULLETIN to any postoffice in the United States, postage prepaid, at twenty-five cents per month or three dollars per year.

TUESDAY EVENING, APRIL 12, 1887.

Plain Talk.

Printers themselves are best qualified to judge of the harmful effects of the pewter-plate system; and the "highest authority" in the land has declared against it. This is the kind of evidence that the BULLETIN is not seeking for.—Republican.

Our neighbor is mistaken. The BULLETIN is not seeking any evidence whatever in support of the "plate system," nor has it ever troubled itself over the matter.

The BULLETIN is using the "pewter-plates," and more, it intends to use them just as long as it wants to and can make satisfactory arrangements to get them. We say this with all due respect to the International Typographical Union and the printers in general. The editors of the Republican can paste this in their hat, if they want to.

The "plates" enable us to give the people of Maysville the best paper published here, and that, too, at one cent, just one-half what the Republican would have them pay.

As far as the "harmful effects of the system" is concerned the Republican's argument is weak and silly. Our neighbors would have us abolish the plates that three or four workmen might be given employment. As well might the same argument be used against the labor-saving machinery in all our factories. Abolish such machines, and more hands would be required to do the work. Why doesn't the Republican attack the shoe-makers of Maysville? A part of every pair of shoes made here is put up by machinery elsewhere, and more, the work is just as well done.

Why doesn't the Republican attack the clothing merchants of Maysville, if it is so earnest for the welfare of the workingmen? If all the clothing sold in Maysville was made here how many more workmen would be given employment? The same argument used against the "pewter-plates" can be used against the shoe-makers, the clothing merchants, &c., &c., and we want to see the Republican pitch into them, if it is really and downright in earnest for the protection of the workingmen.

The Republican's scheme is too transparent. It seeks to array the workingmen of Maysville against the BULLETIN, not with the desire to benefit the workingmen, but solely and wholly for its own gain. That's the object of the Republican in a few words.

The workingmen of this town have sense enough to know that if it wasn't for the "plates" they would have to pay for their newspaper just double what they do now, and realizing this we are willing to leave the matter with them.

For the information of the editors of the Republican, we will add in conclusion that their weak and silly attacks have not injured the BULLETIN in the least. Our sales keep up, and our business is on the increase.

Our neighbors may rave and rant as much as they please, but they are too well known for their blatant efforts to harm any one.

BROTHER T. D. MARCUM, of the Kentucky Democrat, Catlettsburg, will quit the newspaper business, for a while at least. We don't blame him. He has been appointed Inspector of Indian Agencies at a salary of \$2,000 and expenses.

W. R. DODDRIDGE, an old and prominent citizen of Manchester, was instantly killed last Saturday evening, at the mouth of Blue Creek, Adams County. A large residence and store was burning at the time, and Mr. Doddridge was standing within ten feet of the building when he was struck by a piece of timber, hurled by the explosion of a keg of powder. His body was interred at Manchester.

JOSEPH STRICKLAND, a distiller of Fleming County, is in serious trouble, caused by his violation of the prohibition law. About ten days or so ago he was fined \$400 and appealed the case to the Superior Court. A recent dispatch says: "Immediately twenty (some say more, some less) warrants for similar offenses were sworn out against him, and he has disappeared. His friends say he is in Canada. A requisition would bring him out of any State, but he can find safe cover behind extradition. Lawyers claim that he can make no transfer of his property while this thing hangs fire and the warrants live on, so that it will be cheaper for him to come back, be tried and have fines varying from \$2,000 to \$6,000 assessed against him, and throw himself upon Executive clemency for a remission of 60 per cent. of the fines—all the Governor can constitutionally remit."

Sporting Events.

Henry Clay, the great sire of trotters, died at Middletown, Saturday, aged 34.

St. Louis club won the third of the World's championship series at St. Louis, Saturday, defeating the Chicago by 9 to 7.

John Cochran, of Cincinnati, and Harry Bussy, of Piqua, O., will play a game of billiards at Piqua, Friday night for \$100 a side.

Col. A. H. Winchester, a large land-owner, has given 60,000 acres in West Virginia to be held as a hunting and fishing preserve.

Cincinnati again defeated the Toronto yesterday by a score of 18 to 8. The batting and general play of the home team were superb.

Greek George defeated the Texas cowboy in a wrestling match at the People's theater, Cincinnati, Saturday night, throwing him four times in twenty-five minutes.

In the horseshoe-turning contest at Harlin's theater, Cincinnati, Saturday night, Wm. Kane, of Cincinnati, defeated Martin Dunn, of Detroit. The match wound up in a tie.

German Singing Societies in a Rage. PHILADELPHIA, April 12.—The German singing societies are in a rage over Director Stockely's peremptory order that they must close their rooms on Sunday. A number of these organizations had made extensive preparations for a concert of song Sunday night. The order was obeyed with great reluctance.

A Crew Saved. PHILADELPHIA, April 12.—The Norwegian bark New York arrived here to-day, with the crew of the British brig Laura, who were taken off that vessel last Tuesday about two hundred miles off Cape Charles. The Laura was badly water-logged, and had lost her rudder.

A Stock Buyer Disappears. BLOOMINGTON, Ill., April 12.—David E. Mitchell, a stock buyer, has disappeared leaving creditors in the lurch to the extent of \$4,000 to \$5,000. He has done business here for several years. The money was obtained largely through false pretenses.

The Knights Not Condemned. QUEBEC, April 12.—An encyclical letter was read in the Catholic churches of Canada Sunday suspending the condemnation of the Knights of Labor until the pope shall have fully investigated the order and passed final judgment upon it.

Wind and Dust Storm. HASTINGS, Neb., April 12.—A terrible wind and dust storm passed over this city Saturday, unroofing the opera house and City National bank. Considerable other damage was done in the different parts of the city.

Trying to Prevent Cholera. OTTAWA, Ont., April 12.—The government will proclaim stringent regulations early in May with a view of preventing the introduction of cholera by rail and steamer.

Decided to Strike. ST. LOUIS, April 12.—The furniture makers of this city, who have been dissatisfied for the past year with the wages paid them, have decided to strike.

Who is the Gentleman? "It is a mistake," says Ouida in the North American Review, "to compare moral qualities with the qualities which compose culture and good breeding." It is a mistake indeed, and yet it is almost as common as speech. Because, for instance, it is excellent to be a gentleman, that is, a man of breeding, and it is also excellent to be a man of upright character and kind disposition, we find these qualities quoted and admired as if they were interchangeable. This absence of discrimination empties words of all meaning.

"A person," says Ouida, "may be full of kindly courtesies and never utter the shadow of an untruth, and yet he may have red hot hands, a strident voice, an unsupportable manner, dropped aspirates and a horribly gross joviality, which makes him the vilest of the vulgar." But good breeding by necessity is coming to mean almost anything else the speaker wishes, for the imperative reason that the thing itself is disappearing; and as for the word gentleman, what does that mean now more than a human biped of the male gender?—New York Home Journal.

Salvationists in Ceylon. Miss Anna Ballard, well known among journalists in New York city as the only female member of the Press club, writes from Colombo, Ceylon, that the Salvation Army has attacked the island, but that the soldiers are regarded there with little favor. The natives haven't the least idea what they are up to, and think that their peculiar antics and goings on are only amusing illustrations of the peculiarities of the English people.—The Argonaut.

Gen. Zachary Taylor. Walt Whitman remembers meeting Gen. Taylor in New Orleans about forty years ago, and found him, in civilian's clothes, "a jovial, old, rather stout, plain man, with a wrinkled and dark, yellow face, and in ways and manners the least of conventional ceremony or etiquette I ever saw; he laughed unrestrainedly at everything comical. He had a great personal resemblance to Fenimore Cooper, the novelist."—Exchange.

Pope Leo XIII will not touch the \$3,500,000 placed in a Rome bank to his credit by the Italian government, and about \$7,000,000 has been forfeited because neither he nor Pius IX would touch it.—Chicago Herald.

A Terrible Fire. What a thrill of terror passes over us when we read the record of some fearful devastation by fire, and yet it is a fact that thousands are daily being consumed by the inward fire of fever, caused by consumption of the lungs, which could be subdued by Dr. Pierce's "Golden Medical Discovery."

Circuit Court. The April term of the Circuit Court convened this morning. The grand jury has not yet been empaneled. The following is the petit jury: A. R. Burgess, Wyatt Owens, William Paul, William Bramel, Joseph Frazer, John Steers, Ed. Hunter, Robert Downing, John Richeson, John Barley, Thomas Kerr, Richard Soward, Henry Norris, T. Y. Nesbitt, L. Tabb, Jr., H. M. King, A. H. Calvert, Quincy Shipley, J. C. Grove, Robert Whipple, James Wood, Elsie B. Clift, John Lane, B. L. Bacon.

ARTHUR F. CURRAN has sold a house and lot in Dover to Mary S. Grove, for \$1,635.

SENATOR BERRY, candidate for Governor is announced to speak at the courthouse to-night.

HENRY CHENOWETH is buying a car-load of draft horses for the Birmingham Transfer Company.

The Democrats, of Boyle County, have nominated W. J. Lyle for the Legislature. Lyle downed his competitor, in handsome style.

The fact that eastern capitalists have lately invested \$100,000 in Bell County, Ky., and the adjoining counties in Tennessee and Virginia should be taken as a good omen.

LUCY ECHOLS, aged twenty-eight years, bled to death at Augusta Friday night, caused by rupturing a blood vessel in coughing. She was the daughter of Rev. W. E. Echols, of the African M. E. Church.

THE Executive Committee of the State Mission Board has appointed James H. Hall and Rev. R. B. Garrett, of this city, as delegates to the Southern Baptist Convention, which will assemble on the 6th of next month in Louisville.

Removal. Dr. G. M. Williams has removed his dental office to building on Third street, adjoining Dr. Shackelford's office.

Brace Up. You are feeling depressed, your appetite is poor, you are bothered with headache, you are fidgety, nervous and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whisky, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alternative that will purify your blood, start healthy action of liver and kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at the drug stores of J. C. Pecor & Co., and S. P. Campbell & Co., of Aberdeen Ohio.

## REPUBLICAN CONVENTION.

## A Slim Crowd and a Quiet and Uneventful Meeting.

## The List of Delegates Chosen and the Resolutions Adopted—Proceedings in Full.

The Republicans of Mason County met in convention yesterday afternoon and selected delegates to represent them in the State convention to be held at Louisville on the 11th of next month. The meeting was rather slimly attended, was quiet and uneventful, and soon finished its business.

Thomas A. Davis, Chairman of the County Committee, called the crowd to order at 2 o'clock and explained the object of the meeting.

Col. F. H. Bierbower nominated Hon. Robert A. Cochran for Chairman, and Charles Dinger seconded the nomination. No other name was offered, and Mr. Cochran was elected. On taking the chair he returned thanks for the honor. He thought it was a good time to make a speech, but he wasn't feeling in a humor to talk.

W. H. Cox was elected Secretary. Captain M. C. Hutchins, A. M. J. Cochran and W. C. Shackleford were appointed a committee to select delegates.

Colonel F. H. Bierbower, A. A. Wadsworth and Thomas A. Davis were named as a committee on resolutions.

The committee on delegates reported the following to represent the Republicans of Mason County in the Louisville convention:

M. R. Gilmore, John Short, Jr., W. H. Lee, John Heiser, M. C. Hutchins, Howell Barkley, H. C. Sharp, R. A. Cochran, George Strauder, John Blanchard, T. A. Davis, Jno. R. Morford, W. H. Cox, F. Devine, W. N. Rudy, N. Burger, A. A. Wadsworth, Charles Dinger, W. H. Wadsworth, Thos. Graves, F. H. Bierbower, Thomas Forman, Dr. Alex. Hunter, James N. Kirk, Robert Hunter, C. W. Williams, Elias Collins, G. W. Dye, Azro Grover, Geo. Galbraith, Thos. Maher, Wm. Jenner, Abner Kelley, F. C. Westfall, John Patty, James F. Lee, W. T. Fristoe, C. C. Degman, Waller Bullock, Geo. Bateman, James Bratton, S. E. Mastin, and all other good Republicans who will attend convention.

The committee on resolutions made the following report, which was adopted:

The Republican party of Mason County, in convention assembled on this 11th of April, 1887, publish the following resolutions as expressive of their views and principles upon the matters involved, and pledge themselves to stand by and maintain the same on this and all other like occasions.

Resolved, First, that we heartily endorse the platform of principles put forth at the national convention, which nominated the Hon. Jas. G. Blaine for President, and that, now as then, we are in favor of a protective tariff to the end that American workmen shall receive a fair compensation for their labor.

Resolved, That we hold that the disabled union soldiers deserve and should receive the care and protection of the nation.

Resolved, That we, as a party, heartily and sincerely condemn the practice of selling and buying votes, either at primary or other elections, as now is too generally practiced in Kentucky, and that we specially advise each individual of the Republican party to not vote for any person who will use money or its equivalent to secure an election, or for whom money or its equivalent is used by any person or persons, for such purpose.

On motion of Captain Hutchins it was decided that when the convention adjourned it be to meet again on County Court Day in June for the purpose of nominating a candidate for the Legislature.

The convention adjourned.

OWEN CARR is engaged in the dairy business and has some pasture ground rented in the East End. He has been having some trouble of late with some of the colored people of the vicinity, and yesterday morning ordered a young negro named Lewis off the premises. Lewis was accompanied by his mother and the two attacked Mr. Carr. While one held him, the other beat him over the head with a rock, inflicting a very painful scalp wound. Dr. Marsh dressed the cut. Mr. Carr was suffering considerably yesterday afternoon from his injuries, but will probably be all right in a few days.

## Natural Gas as a Fuel.

In view of the agitation of the natural gas question here, the following will prove of interest. A correspondent of the Cincinnati Commercial Gazette says: "Natural gas is satisfactory in every way as a fuel. It is clean, safe, cheap and easily controlled. The heat from it is regular, intense and dry. Gas is introduced into grates and stoves, and it does not require special apparatus, at least nothing more than a perforated pipe to serve as a burner and distributor of the fluid. Fire-places and grates are generally filled with pieces of fire clay, deftly fashioned to resemble, both in shape and color, logs of wood, or bits of hard coal. The pipes are covered by the imitation wood or coal, and nothing is seen to come from them but a beautiful blue flame—that is, perhaps, the most attractive sight that one can see in one's own fireplace. One of the great advantages of natural gas as a fuel is its regularity. The degree of heat never varies. There is no falling and building up of the fires, and no ashes or kindling to handle. The fires in a town that is heated by natural gas give no more trouble than does a jet for illuminating purposes in Cincinnati or any other city.

"The cost of natural gas to the consumers varies and is regulated by the distance that it has to be carried in pipes. At Findlay, where every man can have his own gas well, the cost is fifteen cents a month for each stove and the owner of the stove can burn the gas day and night if he so chooses. In Fostoria, where the gas has to be brought four or five miles in pipes, the charge is \$1.50 a month for supplying a cooking stove, but if gas were discovered in or nearer the town the price would be reduced."

## Personal.

Colonel Robert Wallace, of Cincinnati, was here yesterday shaking hands with his old friends.

Captain M. C. Hutchins left last evening for Louisville on business connected with the Froman will case.

## River News.

## New Firm.

Captain John T. Martin, late conductor on the Kentucky Central, will not go West. He thinks Maysville is plenty good enough for any one, and will engage in business here. He has secured a one-half interest in the famous Red Corner Clothing House, and will hereafter be found at that establishment. The business will be conducted under the firm name of Louis Zech & Co. The new firm don't "want the earth," but they ask for a liberal share of the patronage of Maysville and surrounding country.

## Stock and Crops.

The fruit about Lexington is reported uninjured.

The Covington Commonwealth says in Kentucky there are too many big farms, and consequently renters where there should be land owners. The average size of farms in Kentucky is 120 acres. In New York, Pennsylvania and Ohio, all prosperous states, the average size of farms is, respectively, in the order named, ninety-nine, ninety-three and ninety-nine acres.

The tobacco planters of Kentucky say they will not cultivate more than half a crop this year. The farmers of Virginia and Carolina declare that they will cultivate only small crops. If only a short crop is made then there will be activity in the market once more. For the good of all concerned it is hoped that tobacco planters will stick to what they say.—Richmond (Va.) State.

## Gorton's New Orleans Minstrels.

"The usual packed houses, both afternoon and night, greeted the New Orleans Minstrels at Robinson's Opera House, and it was a flattering tribute to a splendid company. The quartet is composed of vocalists with cultivated voices, while the orchestra is a superb one. The comedians with the company are all of reputation. Mr. Hank Goodman is funny comedian, and keeps the house in a continual roar. He has been before the public for twenty years. Johnny Stiles, an eccentric comedian, captured the audience with his funny sayings and actions. Mr. Frank West, with his banjo, won favor and applause from the start, and established himself as a favorite from his first entrance. The afterpiece served to bring to a close a good minstrel show."—Cincinnati Enquirer.

At opera house next Saturday night.

Admission 25, 35 and 50 cents. Reserved seats at Taylor's.

A NOTICE of the entertainment given last night by the Ladies' Mite Society of the M. E. Church, at the residence of Mr. and Mrs. John M. Rains, was omitted yesterday. The omission was not intentional, and the mistake—mistakes will happen—was not discovered until too late to remedy.

## AGRICULTURAL REPORT.

A REPORT THAT IS INTERESTING TO FARMERS.

**The Condition of Wheat on April 1 With the General Average Per Cent. Compared With Previous Years—Sherman Wants an Extra Session of Congress.**

WASHINGTON, April 12.—The report of the agricultural department for April relates to the condition of winter grain and comparative healthfulness of farm animals. The returns show that the condition of the soil at the time of seeding was somewhat unfavorable in the states of the Atlantic and Gulf coasts, owing to drought during the late summer and autumn most severe in a portion of Pennsylvania, in Maryland and Virginia and in parts of Texas. The same unfavorable condition prevailed in western Missouri and in Kansas. The continued dry weather made plowing difficult, seeding late, and in localities where it was unbroken when winter set in, germination was slow and the fall growth small.

In the great wheat states of the central west, from Tennessee to Missouri, the seed bed for the greater part of the area was in favorable condition, and with local exceptions the plant made good growth before going into winter quarters. On the Pacific slope the early seeding time was dry, but rains came later and the whole breadth was put in fair condition, though somewhat after the usual date. The covering of snow during the early portion of the winter was better than usual over a large portion of the wheat area, but there are from many sections complaints of scanty protection during very trying weather since February 15. The month of March was the most severe for a series of years, the temperature being below the average over the whole wheat area east of the Mississippi river, and alternate freezing and thawing wrought serious damage to bare fields, especially in bottom and poorly drained lands. Pennsylvania, Virginia and Ohio suffered severely from this inclemency.

The general average of condition is 88, the same as in 1881, and higher than at the same date in 1888 and 1889, when it was 80 and 73 respectively. The April condition of last year was 92.5, which was still further improved by favorable weather during the month. The average of the principal states are: New York, 97; Pennsylvania, 70; Maryland, 82; Virginia, 79; Texas, 79; Tennessee, 94; Kentucky, 92; Ohio, 79; Michigan, 92; Indiana, 90; Illinois, 92; Missouri, 93; Kansas, 83; California, 92; Oregon, 98. Damage from the Hessian fly is comparatively unnoticed; its presence is mentioned in from one to four counties in New York, Texas, Tennessee, Ohio, Pennsylvania and Michigan.

Rye has withstood the unfavorable meteorological conditions better than wheat, the average condition being 93, against 96 at the same date a year ago. The returns of condition of farm animals show a loss of swine amounting to 13.4 per cent., or over five and a half million, and indicates the continued widespread prevalence of hog cholera. The losses of sheep amount to 7 per cent., of cattle 4.3-10 per cent. Losses of cattle are heaviest in the south and in the ranges of the far west, from 5 to 9 per cent., while in the sections where shelter is provided and better care taken, it amounts to only 2.1-3 per cent. The loss among horses, as usual, is very small, amounting for the whole country to less than seven-tenths of 1 per cent.

### The Blue Laws.

WASHINGTON, April 12.—The storm of indignation aroused by the report that the district commissioners had resolved to enforce the absolute law of 43 closing the eating houses, restaurants, news and cigar stands on Sunday had the effect of postponing the attempt to carry out its absurd provisions. No effort was made Sunday to prevent the sale of newspapers or cigars, nor were the restaurant keepers notified to close their places. The chief of police has been ordered however to arrange for the enforcement of the statute to the letter on next Sunday. He will meet with vigorous opposition. The newsdealers in particular will fight the closing of their stands, as the business of Sunday exceeds that of the entire week. A number of prominent lawyers interested themselves in the matter, and the citizens of the district are looking forward to next Sunday with the liveliest anticipation. It is understood that the operation of the statute will be extended to the closing of telegraph offices and the local bureaus of the out-of-town newspapers.

### Changed Their Minds.

WASHINGTON, April 12.—A committee called at the White House this morning to invite the president to attend a meeting, to be held at Masonic Temple on Thursday evening, to protest against the passage of a coercion law against Ireland by the English government. Col. Lamont met the delegation and told them that whatever might be the president's feelings or sympathy as a private citizen, there would be manifest impropriety in his taking any action in this matter in his official capacity. The committee reconsidered and decided not to present the invitation, and withdrew without seeing the president.

### Inspecting the Fast Mail System.

WASHINGTON, April 12.—Postmaster General Vilas and Superintendent Nash, of the railway mail service, will leave here tomorrow to inspect the fast mail service between New York, Chicago and St. Paul. While absent the postmaster general will also consider the advisability of establishing distributing depots for postal cards and stamped envelopes at Chicago, St. Louis and Atlanta, Ga.

**Work on the Garfield Statue Commenced.**  
WASHINGTON, April 12.—Work was commenced to-day under the direction of Col. Wilson on the erection of the base and pedestal for the Garfield statue to be unveiled next month in the southern circle west of the capital grounds. The pedestal will be in readiness in ten days to receive its sculptured figure. The statue will be ready for shipment about the same date.

### Sherman Wants an Extra Session.

WASHINGTON, April 12.—Senator Sherman thinks the president should by all means call an extra session of congress to convene as early as October. The senator thinks that by doing this the president would be able to bring about the necessary legislation for the good of the country previous to the immediate approach of the presidential campaign of 1888.

### The New Commissioner of Patents.

WASHINGTON, April 12.—Mr. Benton J. Hall, of Iowa, has qualified as commissioner of patents, and will tomorrow assume active charge of the patent office.
